People want more for less

- Government wants to be able to do more with YOUR tax dollars
- YOUR Customers demand more from their suppliers
- YOUR Members want more out of their memberships without paying extra
- YOU expect greater productivity from YOUR team

Take 5 things home with you today

Put all of your eggs in one basket

.... make a copy of that basket

The right hand knows what the left is doing

Ensure everyone in your organization is collaborating

Distance is Dead

Customers and suppliers can be
anywhere

The wheel has been invented

There are tools and resources right
in your own backyard

You're richer than you think

There is a lot of information in your organization – How is it leveraged?
